

Outdoor Education

Outdoor Education Program is an unforgettable team building experience for our sixth graders that will be held at the Rochester Rotary Sunshine Camp in Rush, New York. TCMS will provide transportation to and from the camp where students will engage in activities such as fishing, archery, orienteering, fire building and more! More importantly, Outdoor Ed (ODE) is an opportunity where our new sixth grade students will get to know each other and learn to work together, providing a solid foundation of community for their middle school years. It is our expectation that every student will join their teachers in this 6th grade experience.
