Dear Dr. McGowan,

The Brighton Education Fund I would like to present the district with the following items:

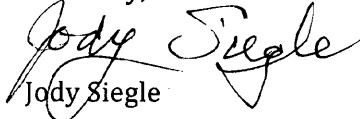

\$3,933.86 at the request of Laura Byrne, advisor to the League of Brighton/Esports Club, for the purchase of computers for the new BHS and TCMS Esports team training room in Central Office. Brighton Rotary also provided funding for this grant. Esports is an increasingly popular area of competition and colleges provide scholarships for students who excel in this sport.

\$1,525.25 to French Road Health and Physical Education teacher Janice Mix for two different sets of microphones and speakers. One set is for use in classrooms and the other in the gym or outside on the fields. She teaches students in a variety of environments and believes the speakers and microphones will help students of multiple learning abilities concentrate more effectively.

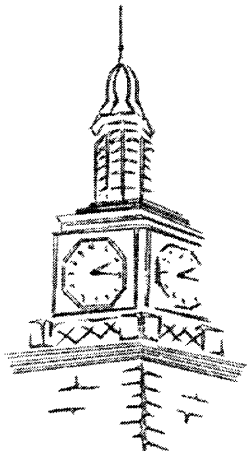

\$200 for the annual D. Bradley Smith Art Purchase Awards for graduating Brighton art students. Two pieces of art are selected to remain as part of the high school's permanent collection. This year's recipients are Ajiah Fluet and Eisabella Abu-Sbaih. Photographs of the artwork and information about the recipients can be seen at http://brightoneducationfund.org/grants/smith_award.html.

These grants support computer skills, student health and wellness, and the arts. We are pleased to present them to the school.

Sincerely,

Jody Siegle
