Dr. Kevin McGowan, Superintendent
Brighton Central School District
2035 Monroe Avenue
Rochester, NY 14618

August 26, 2021

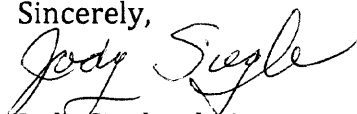

Dear Dr. McGowan,

The Brighton Education Fund would like to present the district with \$2,398 for the purchase of two premium OWL LAB Pro meeting devices, one each for the Council Rock Primary School and French Road Elementary School Special Education departments.

The OWL device sits in the middle of a conference table. It has a 360-degree camera and microphone that turns toward sound. When a meeting is taking place and someone is participating remotely, as the people around the table talk, the person at the remote location can see and hear each person as they speak.

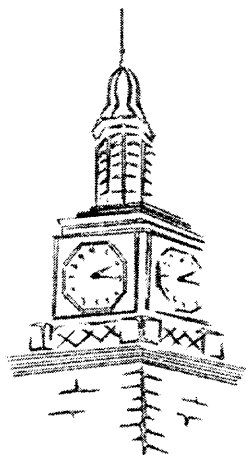

With the OWL device, parents who cannot physically attend Special Education meetings because of work, transportation, or childcare needs, can still be active team members discussing the needs of our most vulnerable learners.

Sincerely,

Jody Siegle, chair
Brighton Education Fund
