

Memorandum

To: Board of Education

From: Kevin McGowan, Superintendent of Schools
(Prepared by Lou Alaimo, Assistant Superintendent)

Date: April 12, 2022

Re: Approval of Construction Contracts

The purpose of this memo is to recommend approval of two construction contracts related to the 2021-22 Capital Improvement Project. Two scope items of the project include roofing at TCMS and stadium lighting upgrades. Both scope items can be completed utilizing pre-vetted commodity contracts.

Given that we did not receive Commissioner's approval for the project until March 29, 2022, District Administration and Campus Construction believe it is in the District's best financial interest to award the two contracts using the commodity pricing in lieu of public bid.

Recommended Resolution:
