

## III.5

But, he was not far off, for presently she heard a troubled movement and a shouting coming along which filled her with fear. A moment afterwards, and a throng of people came pouring round the corner by the prison wall, in the midst of whom was the wood-sawyer hand in hand with The Vengeance. There could not be fewer than five hundred people, and they were dancing like five thousand demons. There was no other music than their own singing. They danced to the popular Revolution song,\* keeping a ferocious time that was like a gnashing of teeth in unison. Men and women danced together, women danced together, men danced together, as hazard had brought them together. At first, they were a mere storm of coarse red caps and coarse woolen rags; but, as they filled the place, and stopped to dance about Lucie, some ghastly apparition of the dance-figure gone raving mad arose among them. They advanced, retreated, struck at one another's hands, clutched at one another's heads, spun round alone, caught one /343 another and spun round in pairs, until many of them dropped. While those were down, the rest linked hand in hand, and all spun round together: then the ring broke, and in separate rings of two and four they turned and turned until they all stopped at once, began again, struck, clutched, and tore, and then reversed the spin, and all spun round another way. Suddenly they stopped again, paused, struck out the time afresh, formed into lines the width of the public way, and, with their heads low down and their hands high up, swooped screaming off. No fight could have been half so terrible as this dance. It was so emphatically a fallen sport – a something, once innocent, delivered over to all devilry – a healthy pastime changed into a means of angering the blood, bewildering the senses, and steeling the heart. Such grace as was visible in it, made it the uglier, showing how warped and perverted all things good by nature were become.
