

**Charles Dickens**  
***A Tale of Two Cities***

Motif Project

You have begun to become familiar with the literary element, motif. As you read ATTC, look for patterns of symbols, images, etc., that fall into the category of motif. Keep track of these patterns. You will be responsible for submitting a chart of your findings. Follow these directions:

My motif is \_\_\_\_\_

For each chapter, copy a quote that makes this motif evident. Keep track of these quotes, and at the end of each book, submit your chart.

Example:

<p><b>Your Name</b> <b>Book The First: Blood</b></p> <p>Chapter One: “Write your quote here” (page).</p> <p>Chapter Two: “Write your quote here” (page).</p> <p>Chapter Three: “Write your quote here” (page).</p> <p>Chapter Four: “Write your quote here” (page).</p>
---

Things to Note:

- Under your name, write the title of the book (Book the First, Book the Second, etc.), type a colon, then identify YOUR motif.
- Underline the word or phrase within your quote that makes your motif evident.
- That means that you must write the entire sentence or group of sentences so that I can recognize why you selected this passage. You may only use ellipses if your passage is longer than FIVE of YOUR typed lines.
- Be sure you know how to include citations!!
